NOGALES FEARING TROUBLE HUSHES NEWS OF BATTLE

(By Review Leased Wire.)

NOGALES, Ariz., June 21.—Reports of the engagement between the American and Mexican troops south of El Paso were suppressed here tonight at the request of the military authorities. It was feared that publication of the report might excite the Mexican residents of the American town, who compose two-thirds of the population.

Mexican Vice-Consul Sarabia here, sent a message to a citizen's mass meeting, held in the Arizona town tonight protesting that Mexican troops have no intention of attacking Nogales. He offered to secure any committee of Americans twenty miles south of the border to satisfy residents that no troops were being assembled. The offer was accepted and a committee of five appointed to make the trip early in the morning.

EL PASO DEPORTS WIFE OF VILLA

Mayor Sends Relatives Over Also. She Goes, Seeking Husband

(By Review Leased Wire.) EL PASO, June 21.—Mrs. Luz Torres Villa, wife of Pancho Villa, was arrested by the police tonight, and with her sister, her child about five years old and a German nurse, Maria Hagadorf, was deported to Juarez upon orders from Mayor Lea, who gave no reason for the act.

Mrs. Villa arrived here this afternoon, ostensibly from New Orleans, but the police believe she came from Los Angeles. She said she intended to go to Chihuahua to look for her bandit husband.

The Theater

"PEGGY" AT ROYAL.

The enthusiasm of film producers, the lure of the great outdoors with its truly natural scenic settings and the contrast between sleeping cars and hotels and the bungalows, private yachts and fast motor cars with which leading directors endow their stars—this is explained Billie Burke's decision to continue in the new art in which she has made such a successful debut under the direction of Thomas H. Ince with the Triangle production of "Peggy." "Peggy" plays at the Royal today and tomorrow.

Although she went to California with a contract that would appear in itself to be a sufficient lure, Miss Burke insists that it wasn't the salary at all. Briefly, she found the contagious enthusiasm of Ince unusual experience. She liked the nungun which he provided for her on the Catalina Islands; the private yacht chartered for her exclusive use was a pleasant toy; and the first automobile—well, every one knows Billie Burke's mania for turning gasoline into speed.

When "Peggy" was completed Miss Burke confessed that she was sorry. But she returned to New York to begin rehearsals in a new play which her husband had obtained for her. Somehow her former enthusiasm for the venture was lacking. And only when she had signed a contract to appear in the pictures did her well known exuberant spirits revive. She couldn't forget that bungalow, that yacht and that winded auto. The prospect of sleepers, hotels and dark stages wasn't palatable.

PURSUED BANDITS IN AUTOMOBILES

San Antonio Posse Of 200 Scouring Country For Murdering Dozen

(By Review Leased Wire.)

SAN ANTONIO, Tex., June 21.—Two hundred men, under the direction of Sheriff John Tobin, were watching every trail on and near the Masterson ranch, 15 miles northwest of here tonight, in the hope that before morning the little group of Mexican bandits that yesterday began raiding near here, would ride into their trap. The posse organized by Sheriff Tobin had been increased tonight by a large number of farmers, a few civilians from here and a contingent of city police.

The bandits were riding horses, but their pursuers were conducting their chase in a more modern method. The 200 posse men scoured the country in automobiles, while other automobiles carried provisions late today to camps that had been selected for the night.

Riding with the posse was Florencio Valdez, one of the Mexicans impressed yesterday by the bandits. He said the leader of the bandits, whose number he placed at ten, was called by them "Pancho" Soso. Soso told his prisoners that he was authorized to recruit Mexicans wherever he could get them to "fight for the first chief Carranza."

After they carried him and Manuel Lopez away yesterday morning, Valdez said the bandits had impressed in their service three or four others. Where the bandits expected to go or the details of their plan he did not learn.

The trail found today indicated the bandits were moving northward toward San Marcos.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running ear or impaired hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

Each case of Deafness (caused by Catarrh) cannot be cured by local Catarrh Cure. Send for circulars, free.

Dr. J. C. HENNESSY, 210, Tenth St., St. Louis, Mo. Sold by Druggists.

Chihuahua Hill, where many of the Mexican Americans reside in Bisbee is reported almost deserted since last night, when practically the last resident left for the border. It was said the departure was made entirely because the Mexicans feared violence from Americans in the District, and that they have no intention of joining Calles' force or any other against the United States.

Most of the Mexicans in other parts of the District, however, have decided to remain, believing American guarantees of protection for them are given in good faith and that there is no ground for fears. No violence or bad feeling has appeared in the district thus far, the two peoples working in absolute harmony and every thing is running as smoothly as in normal times.

A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the mother. Don't fail to get a bottle of "Mother's Friend" today and then write Braxton's Remedy Co., 415 Lamar Bldg., Atlanta, Ga. for a pretty little book full of information for expectant mothers. It is a delight to read it.
